Natural Language Processing from First Principles

How to Succeed in this Course

I Hate to Break it to You ...

This is a challenging course!

Your Strategy for Success

- Do all the assignments on your own
- Ask for help on the course forum
- Use the course slides as your personal notes
- Check out the quizzes
- If you're stuck, you can peek at the course Github
- https://www.github.com/philtabor/NLP-1
